Comments/TA Provided:

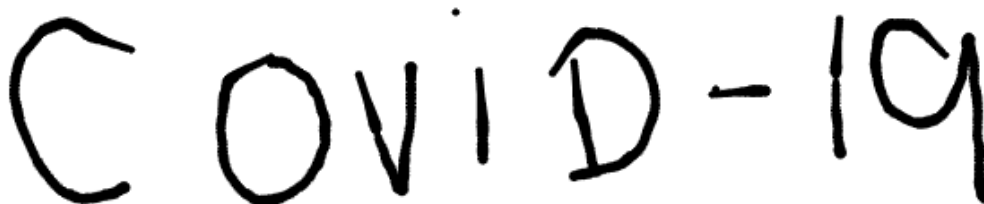

Late unannounced visit due to COVID-19 closure. Six kids, 3-4yrs, with two staff at the time of visit. Parent drop off is a little different at this time. They are breaking ground on a new building in October and it will hopefully be ready for move in fall of 2021. They will hopefully be able to increase their enrollment. At this time they have a half-day program with lunch served. They have changed to pre-plated food instead of family-style. The director is teaching class at this time. No compliance due.
